Prestige Medical Optima autoclave wins prestigious Business Award

Prestige Medical is delighted to announce that the Optima autoclave has won the Innovation and Technology category in the Lancashire Telegraph Business Awards 2011.

The announcement was made at a glittering presentation at Ewood Park, the home of Blackburn Rovers football club, by North West Tonight weather presenter, Dianne Oxberry.

Ian Starkey, Managing Director of Prestige Medical, said: "Prestige Medical has progressed rapidly in recent years, culminating in the launch of Optima, our new flagship product. Optima has been designed and developed completely in house by our own R&D team to fulfil a market requirement for a faster, more efficient autoclave than generally available. We believe it is the best machine of its type in the world."
