

Press release

Intrepid Prestige Medical trio take to the hills on 50 mile (80 km) Charity MEGAHIKE

Starting at 4 am on Saturday 27 June and finishing almost exactly 24 hours later, three Blackburn-based Prestige Medical employees - Vicki Chegwin, David Robinson and Michael Mobbs – tackled the gruelling route through the heart of the Pennines, pushing themselves to the limit and acquiring some spectacular blisters!

Vicki and David pause to take in the view

The 24 hour trek by 28 teams is expected to raise about £40,000 for MedEquip4Kids – a charity based in Manchester that reaches out to help children all over the region and beyond. Their work is vital as they aim to ensure that children have access to the very best healthcare facilities whenever they fall ill, suffer injury or are forced to deal with long-term medical conditions. MedEquip4Kids relies totally on voluntary donations.
